

Thanks to one of our many community partners, First Baptist Church of Fayetteville, for offering our students an opportunity to participate in the FBC Virtual Learning Center during the Fayetteville City School System's Remote Learning Wednesdays.

The FBC Virtual Learning Center will serve children who lack internet access or who have no adult caregiver to oversee the child throughout the day. The FBC program is offered on a first-come, first-served basis.

Applications for parents who want their children to participate in the FBC Virtual Learning Center are available online at fbcfayetteville.com or in the church office and can be picked up on weekdays from 8 a.m. until 4 p.m.

The Fayetteville City School System appreciates the support from First Baptist Church and our community.
