

Following is a statement from Principal Adam McCormick on the loss of a Fayetteville High School student:

“We were all shocked and saddened to learn of Will’s passing. Our Tiger family has suffered a great loss, and Will’s presence and humor will be greatly missed at FHS. We would like to offer our utmost condolences and prayers for Will’s family during this difficult time.

“Today and over the next few weeks, school administration and counselors are available at the school to speak with traditional and virtual students as they process and heal during this difficult time of loss. For those students who may be affected by COVID, please contact the FHS office at 931-433-3158, and we will make sure you speak with a counselor.”
