

It is with excitement that we announce Fayetteville City Schools will be using a new online payment system for your child's cafeteria needs. Our previous system, My School Bucks, is no longer in use. But, rest assured, if you made a payment between July 1 and Aug 31, it has safely made its way into your child's account.

We hope to have our new system up and running within the next 1 to 2 weeks. For now, we ask that if you need to make any lunch payments, you do so by sending the money to the school cafeteria, or you are welcome to wait for the online system to begin. Your child will still be able to eat.

Please look for information on how to log in and start with RevTrak coming soon to our school website, as well as social media.
